

## Data sheet

Climatic Chamber KK 350 Smart PRO

The photo above is for reference only, may show additional options not included in standard equipment. The real appearance, particularly color and structure of the material may differ from the ones presented in the photo.

## Advantages of the SMART PRO controller:

- large (7"), clear, full colour touch screen
- LAN, USB ports and WiFi for communication and data transfer
- multi-segment time and temperature programs
- overview of data in tabular and graphic form
- visual and sound alarm
- Admin function for management
- password protected log-in
- internal memory for programs and data storage
- event registry with user notifications
- LabDesk software and user manual for direct download

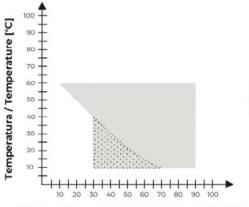

Smart PRO - preview screen

| TECHNICAL DATA       |                            |
|----------------------|----------------------------|
| air convection       | forced                     |
| chamber capacity [I] | 322                        |
| working capacity [I] | 283                        |
| controller           | microprocessor PID         |
| display              | 7 full colour touch screen |

| TEMPERATURE AND HUMIDITY                         |                              |  |
|--|------------------------------|--|
